

Welcome to Chariots Specialist Cars Newsletter, a place where we would like to keep our clients updated with new offers, events and provide you with tips and tricks which we believe are essential for your vehicle.

Chariots Specialist Cars are now in their seventh year off business and we are growing faster than you can imagine. We started off as Peter Harris Limited where myself and some other members of staff worked our way up the ladder to where we are now. With the company having connections with Mercedes- Benz it means that we have been lucky enough to have amazing facilities, the best workshop equipment, access to online service history, and factory trained technicians

from Mercedes- Benz, BMW, Mini, Audi and Volkswagen with our newest member of staff also previously working for the RAC.

Here at Chariots Specialist Cars we strive to deliver a personalised and friendly service. Offering Sales, Part-exchange vehicles, Servicing, Repairs, M.O.T, Paint Protection, Brakes, Tyres, Classic Cars & Classic bikes, we like to make our customers feel as special as our stock vehicles & services

I hope you enjoy reading this newsletter and we will look forward to seeing you soon.

-Franco Santoro

### What's News?

Are you unsure of when your M.O.T is due to expire? Why not register for our M.O.T reminder service? We have recently been working hard to ensure that your vehicle is kept up to date with its M.O.T!

An M.O.T test stands for 'Ministry of Transport' and is essential for most vehicles to ensure their roadworthiness

Chariots Specialist Cars  
 Telephone: 01536 417000 Fax: 01536 416316 Email: [info@chariotsspecialistcars.com](mailto:info@chariotsspecialistcars.com)  
 Website- [www.chariotsspecialistcars.com](http://www.chariotsspecialistcars.com)  
 Chariots Specialist Cars, Venture Park, Kettering, NN156XE

and exhaust emissions meet the requirements and legalities of the government standards.

We have also recently installed a new and improved M.O.T bay to our service department.

An M.O.T bay includes a lot of high technical equipment to ensure the safety of your vehicle on the roads, checking basics such as tyres, brake pads, brake discs, light bulbs etc, then also checking the more technical parts to the vehicle such as the emissions.

Our service department have also recently changed their service levels to make it easier for their customers to see both what is due on their vehicle and how much it is going to cost. They now have three service levels; Silver- £149.99, Gold- £199.99 and Platinum- £299.99. In general, the service

schedule of a vehicle will be one minor (silver) service, then one major service (gold/ platinum) so why not take advantage of our three-year service plan for ONLY £499.99?

Moving onto our sales department, they have recently launched the service to 'source your vehicle'. This service is put in place for people who know exactly what vehicle they are looking for but can't find what they want! Now with this service Chariots can relieve you of pressure and find the perfect vehicle for you. For more information please do not hesitate to contact us.

### Dates for the Diary:

Women's Institute:

Last year we held a car information and safety afternoon as a part of the Women's Institute which received great feedback from those who attended! Therefore, we have made the decision to once again hold this afternoon for women who are a part of the WI.

Included in this afternoon attendees will get the chance to meet our director, learn some simple tips such as- how to change a tyre, how to check your oil level and how to ensure your fluid levels are topped up. We will also be showing attendees how an M.O.T is carried out. The last part of the demonstration attendees will be learning from our Valet Department of how to keep their cars sparkling clean.

Numbers will be limited to 20 people per event so if you are reading this and are a part of the WI call us now to find out dates, times and book your space!

This will be an EXCLUSIVE, free of charge event for the members of the WI, with bookings being taken from now. Please call 01536 417000 book.

Macmillan Coffee Morning:

Where: Chariots Specialist Cars

When: Friday 28<sup>th</sup> September 2018

Time: 10:30am

We would also like to announce that we will once again be supporting Macmillan cancer support and holding a Macmillan Coffee Morning! We have held the Macmillan Coffee morning for several years and have always received fantastic feedback and a great turnout. We would like to personally invite you to come along to our coffee morning joining us for a great cause.

## Introducing:

Chariots is a growing business, and we are lucky enough to have two new and experienced members of staff join busy team.

Name: Bryn

Age: 25

Job Role: Detailer

Interesting Fact:

Bryn is an identical twin to Rhys who also works here at Chariots

Top Tip: When washing your car do not use a sponge as it will hold grit and dirt meaning the finish on your car will not be a\*

Name: Luke

Age: 23

Job Role: Vehicle Technician

Interesting Fact:

Before joining Chariots, Luke spent time

working within the police force.

Top Tip: Use your aircon all year round to prevent nasty smells and bacteria. The aircon can also be used on hot as a de-humidifier.
